Langage écrit : la lettre s en attaché

The image shows a handwriting practice sheet for the cursive letter 's' in the 'attaché' style. At the top, there is a large, light grey model of the letter with dashed arrows indicating the stroke direction: a counter-clockwise circle at the top, a downward diagonal stroke, and a curved bottom stroke. A small hand icon is shown at the start of the diagonal stroke, with a '1' indicating the starting point. Below this are two smaller, identical models. The next row contains four connected cursive 's' characters. At the bottom, there is a set of four horizontal lines (top, middle, bottom, and descender) with a single cursive 's' written on the top line, followed by a dot on the bottom line.
